

BRASS MANIFOLDS AND FITTINGS

6 Brass manifolds

Henco's range includes manifolds for both sanitary and heating applications.

All manifolds are made from brass. The manifolds come in $\frac{3}{4}$ ", 1" or 5/4" versions and have 2 to 10 branches. The branches are fitted with $\frac{3}{8}$ ", $\frac{1}{2}$ " or euroconus connectors.

They are available with a $\frac{3}{8}$ " screw thread for the fitting of an automatic air vent.

Henco's range also includes galvanised manifolds made from brass. They are provided with ball valves and a euroconus connection on each outlet.

The manifolds are provided with 2, 3 or 4 connections. They are supplied with a female thread at one end and a 1" or $\frac{3}{4}$ " male thread at the other end so that they can be coupled together.

Advantages

- ▶ O-ring connection + alignment
- ▶ Universal euroconus connections
